"Widening the Circle of Love"

– we hope to produce an interim document on the first weekend of May, detailing what is involved in moving forward together with less priests or even no priests. Key to this is finding people to be 'responsible' for each act of service in our parishes, so that others will know who to contact should they wish to become involved. If you feel you are willing to accept such a role for a particular service please see Fr. Frank as soon as possible. We hope to produce a handbook and an on-line directory before the summer holidays. The burden of responsibility has become a very heavy one and it will be good to share it.

Parish Database – as part of our new plans and as a way of keeping in immediate contact with as many people as possible, we would like to create a parish database of email addresses in order to send out information in a similar way as happens with our schools. If you have already put your email address on one of our census cards and do not object, that is fine. If you do object, please see Fr. Frank. If you have not given us the address please write it clearly on a piece of paper and hand it in over the next two weeks. All information is kept in confidence.

Easter Chicks – are on sale today after all masses in aid of the Developing world Support Group's projects

Easter offering – the collection at all masses next weekend is your Easter offering to your clergy for which many thanks.
